

## **JOB TITLE: ONSITE PHYSICAL THERAPIST (PART-TIME) - LEOMINSTER, MA**

---

### **ABOUT WORKWELL:**

Based in Duluth, MN, WorkWell Prevention & Care (WWPC) is the leader in soft tissue illness treatment and prevention solutions. WorkWell Onsite Services are provided through our Physical and Occupational Therapy providers. WWPC provides network coverage with over 10,000 therapists worldwide trained in our methodologies and provides services for employers at more than 3,000 sites nationwide.

**SUMMARY OF POSITION:** The Onsite Physical Therapist will serve as the primary provider of quality, onsite physical therapy and injury prevention initiatives for employees at the designated employer worksite. The therapist will collaborate with key stakeholders at the employer worksite to ensure optimal musculoskeletal health of the employee population and will be supervised by the WorkWell Onsite Services Manager.

### **DUTIES AND RESPONSIBILITIES:**

1. Provide early interventions for musculoskeletal complaints via OSHA first aid
2. Complete ergonomic assessments for office and manufacturing job positions at the employer worksite
3. Complete job analyses to produce functional job descriptions on a routine basis
4. Complete clinical documentation and timekeeping via EMR system
5. Assist with operational reporting in a timely manner to demonstrate outcomes and value of services provided
6. Collaborate with the site safety team and other key workplace contacts to develop wellness initiatives
7. Provide regular employee education via newsletters, group presentations, and individual consultation
8. Complete daily rounds on the production floor to follow-up with employees and identify opportunities for injury prevention
9. Complete WorkWell online on-demand training for ergonomics (10 hours) and onsite services (2.5 hours)
10. Complete a one-day, in-person training course on Functional Job Analysis (travel required)

### **QUALIFICATIONS:**

1. At least 2 years of experience in an outpatient setting treating a variety of musculoskeletal issues and conditions
2. Previous experience working with employers and occupational health is desirable, but not required (e.g., functional capacity evaluations, pre-work screens, work conditioning/hardening, ergonomic visits, etc.)

**SKILLS REQUIRED:**

1. The ability to provide quality physical therapy care in an outpatient, industrial setting with minimum oversight
2. The ability to provide deliverables via Microsoft Word, PowerPoint, and Excel

**WORKER CHARACTERISTICS:**

1. Excellent interpersonal communication skills to foster positive interactions with key stakeholders
2. Confident in clinical skills, with the ability to make clinical decisions autonomously
3. Self-motivated and able to maintain productivity with minimal direct oversight
4. Comfortable working in an industrial environment
5. Outgoing and eager to initiate interactions with new people
6. Organized and timely when completing work tasks and attending meetings
7. Comfortable collaborating with colleagues who work remotely

**ADDITIONAL REQUIREMENTS**

1. Proof of active Massachusetts physical therapy license, in good standing
2. Proof of active professional liability and malpractice insurance
3. LLC or other form of incorporation
4. Proof of current CPR certification

**Location:** Leominster, MA

**Employee Status:** Contractor

**Fixed Part Time Schedule, 8 hours/Week.** Some flexibility can be discussed as needed, though the ideal schedule is as follows:

- Monday's from 3pm – 7pm EST
- Wednesday's from 6am – 10am EST
